LUNA Y WANG

PHOTOGRAPHER | PROP MAKER & FABRICATOR

(912) 760-5335 | lunaywang.scenic@gmail.com

Hands-on art department experience across theatre, film, commercials, virtual production, and live events, with a focus on prop making, mixed-material fabrication, scenic finishing, and set dressing.

SELECTED EXPERIENCE

Tencent Qingyun Program 2026

Art Director | Experiential Event

- Fabricated mixed-material props, scenic elements, and decorative installations; supported build, installation, final detailing, and strike on a fast-paced event schedule.

Peter Pan Goes Wrong Mar-Jun 2026

Set Decorator / Fabricator | SCAD Mainstage Production - Collegiate Debut

- Fabricated large-scale biomorphic forms and rock formations for Neverland, with primary responsibility for creating scenic mushrooms and vines; applied scenic painting, texturing, and finishes to set pieces.
- Restored and modified the Storyteller's chair through fabric dyeing, upholstery adaptation, and decorative detailing.

Launch it Jan-Mar 2026

Co-Production Designer | Google Gemini Commercial; Young Ones Competition Silver Pencil Award

- Co-developed design concepts and sketches; designed and helped fabricate an approximately four-foot rocket using sculpting, plaster, resin, and assembly techniques.
- Oversaw set dressing, prop placement, location preparation, and final on-camera adjustments.

Lotus Station Sep-Nov 2025

Set Decorator / Fabricator | SCAD Production

- Fabricated and dressed the practical foreground set for a virtual production shoot using a large 180-degree curved LED screen, collaborating with SCAD's VFX/VR department to ensure visual continuity between physical scenery and digital environments.

The Ugliest Woman in the World Sep-Nov 2023

Set Decorator / Fabricator / Photographer | Presented at the National Theatre of China

- Designed and fabricated the featured puppet "Boss"; contributed to staircase construction, costume modifications, and basement props using woodworking, scenic painting, and finishing.

Additional Commercial Production Design:
Wavytalk (Beauty and hair tool content); **WalkingPad by KingSmith** (Home fitness equipment); **Gauth** (Education App).

TECHNICAL SKILLS

Fabrication: Custom props, scenic construction, mixed-material assembly, scale models, installation, repair, and strike.
Shop tools: Table saw, band saw, drill press, drills, sanders, fastening tools; basic MIG welding.
Software: SketchUp; Adobe Photoshop, Lightroom, Premiere.
Languages: Mandarin, English.
